

CALL FOR PAPERS

2021 IEEE International Conference on
Big Data and Smart Computing

January 17(Sun.)-20(Wed.), 2021, Bangkok, Thailand

<http://www.bigcomputing.org>

Big data and smart computing are emerging research fields that have recently drawn much attention from computer science and information technology as well as from social sciences and other disciplines. The goal of the International Conference on Big Data and Smart Computing (BigComp), initiated by KIISE (Korean Institute of Information Scientists and Engineers), is to provide an international forum for exchanging ideas and information on current studies, challenges, research results, system developments, and practical experiences in these emerging fields. Following the successes of the previous BigComp conferences in Bangkok, Thailand (2014), Jeju, Korea (2015), Hong Kong, China (2016), Jeju, Korea (2017), Shanghai, China (2018), Kyoto, Japan (2019), and Busan, Korea (2020), the 2021 International Conference on Big Data and Smart Computing (BigComp 2021) will be held in Bangkok, Thailand. The conference is co-sponsored by IEEE and KIISE. BigComp 2021 invites authors to submit original research papers and original work-in-progress reports on big data and smart computing.

Topic Areas

The topics of interest for BigComp2021 include (but are not limited to) the following:

- Techniques, models and algorithms for big data

Submission

Original papers that have not been published previously or are not under review in other journals or conferences will be considered. Papers must be formatted in PDF according to the IEEE two-column format for conference proceedings and submitted through EasyChair, <http://www.easychair.org>. The direct link for paper submission is <https://www.easychair.org/conferences/?conf=bigcomp2021>. Papers can be either regular or short papers, where regular papers are limited to 8 pages and short ones to 4 pages. BigComp2021 adopts double-blind review policy. Submissions must be properly anonymized, and lack of anonymization will result in a desk rejection.

Journal Publication

Accepted papers will be published in the conference proceedings to be submitted to IEEE Xplore (pending), and a set of selected papers will be invited for possible publication to the following SCI(E) journals after further revision and extension:

- Journal of Supercomputing
